# About us

*A Journey of Excellence: EpcO Pipes*

Embarking on a journey towards excellence, EpcO Pipes stands tall as a beacon of success in the realm of manufacturing. With the aim of achieving a commendable position in the domestic arena, we, **EpcO Pipes** were originated in the year 2018, located at Sialkot bypass road opposite woodco factory Gujranwala, Pakistan

We have been tremendous success under the guidance of **Engr. Shaheer Ali**. His business ethics and rich industry experience in this field has supported us in becoming one of the Premier manufacturers and suppliers in the domain of U-PVC Pipes. Our product range comprises **Sewerage pipes, Pressure pipes , Boring pipes, Electrical Conduit Pipes & fittings.**

Crafted to perfection; Our range of pipes is available in different sizes and specifications depending on the client's requirements. These are demanded in agriculture sector for the purpose of irrigation. Also, these meet the requirements of plumbing, industrial, domestic and technical applications

## Mission

Our mission at **EpcO Pipes** is to deliver unparalleled quality and value to our customers, driven by a relentless pursuit of excellence in every aspect of our operations. Through continuous innovation, advanced technology, and a customer-centric approach.

we aim to provide reliable, durable, and eco-friendly PVC and electrical conduit piping solutions that empower communities, foster growth, and enrich lives.

---

## Vision

At EpcO Pipes, we envision a future where our commitment to unwavering quality becomes the cornerstone of our identity. We aspire to redefine industry standards by consistently delivering products that epitomize excellence in every aspect. Our vision is to cultivate a culture where quality isn't just a metric but a way of life, ingrained in every process and every interaction.

---

# Our values

## Quality Excellence:

We uphold the highest standards of quality in everything we do, from sourcing raw materials to delivering finished products. Quality is not just a goal but a way of life at EpcO Pipes, ingrained in every process and decision we make.

## Innovation

We embrace innovation as a catalyst for progress, constantly seeking new ideas, technologies, and methodologies to enhance our products and processes.

## Customer Satisfaction:

Our customers are at the heart of everything we do. We are dedicated to understanding their needs, exceeding their expectations, and building long-lasting relationships based on mutual trust, respect, and satisfaction

**After you buy something, you might forget how much you paid for it, but you'll always remember if it was good quality. Quality means it's reliable and gives you satisfaction, which is more important than just the price you paid. When things are good quality, people remember them and keep coming back, which helps build a good reputation for the brand or business. So, it's really important to focus on making things high-quality because that's what makes customers happy in the end.**

**–CEO Engr. Shaheer Ali**

# Location

## Our office

Sialkot bypass  
road opposite  
woodco factory  
near PTCL  
Regional Office  
Gujranwala,  
Pakistan.

# Our strengths

**Efficiency**

**Reliability**

**Commitment**

# Product portfolio

### Salient feature

- Maximum Flow Rate
- Good Insulator
- Durability
- UV Stabilized
- Long life
- high mechanical strength
- non corrosive
- pressure rated

## **EPCO SWV PIPES**

EPCO SWV Pipes offer a complete range of soil, waste, and vent pipe system made of un-plasticized polyvinylchloride (uPVC) compound. EPCO SWV Pipes are manufactured for residential houses, flat and multistory buildings, industries, and above/underground drainage.

### Salient features

- Non corrosive.
- smooth inner and outer surface.
- Resistant to most acids and chemicals.
- free from decomposition.
- easy to install by way of push fit and cold bending.
- low labor cost.
- nonconductor of electricity and prevent electrical shocks .
- high mechanical strength for buried and open applications .
- non corrosive in nature and immune to chemical and galvanic corrosion .
- do not support combustion and are self-extinguishing .

## EPCO Cable Duct

(IEC 61084-2-1)

### AVAILABLE SIZES

16x16mm – 60x60mm

---

### Salient features

- Flexibility
  - High mechanical strength
  - Light weight
  - Non flammable
  - Easy to install
